To whom it may concern,

My name is Brian Harper and I am currently the Trosky Arizona Field Coordinator and Head Coach of the Trosky 2026 SW Regional team. I have coached full-time with club baseball for the last four years. Before that I was in professional baseball for 40 years, 20 as a player, 15 in the Major Leagues and 20 as a coach.

With that said, I have had the opportunity to coach Brent Sollars the last three years. He has been on my 13U, 14U and 2026 teams. I've seen him grow as a ballplayer and young man. He is a hard worker, a great teammate and always plays hard. I've never once had any discipline issues with him in over 200 games that I have coached him in.

Brent has tremendous baseball tools and a great athletic, projectable body. He has plus running speed and a plus throwing arm for a 15 year old Sophomore. He has become a tremendous defensive outfielder over the last year. He also has some very projectable power potential offensively. His hitting continues to improve with his aggressiveness.

I would strongly recommend Brent Sollars for your college program in two years. It has been a pleasure to coach him over the last three years and I really see a bright future for him on the field in High School and at the next level.

Please feel free to contact me about Brent with any questions.
